

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

Application # : DR-440

Stream : Yellow Creek

Applicant : Joyce E Paxton
10020 South Loon Lake Drive
Silver Lake, IN 46982-9262

Description : The existing 5.5' diameter x 25' long culvert will be replaced with a new culvert system to reduce upstream flood damages. The new crossing will consist of a 6' diameter x 30' long culvert with straight ends. The new culvert will be placed on floor of the ditch as old culvert. Minor channel shaping will occur both downstream and upstream of the new culvert to improve the flow transition at the crossing. The shaping will be confined to the construction right-of- way. The reshaped areas will be stabilized with an rip rap/concrete/stones. The roadway will be elevated approximately 1' above the existing road elevations. Details of the project are contained in information received electronically at the Division of Water on July 28, 2004.

Location : 10020 South Loon Lake Drive; immediately upstream of the Loon Lake control structure

near Silver Lake, Seward Township, Kosciusko County
NE¼, NE¼, NE¼, Section 4, T 30N, R 5E, Silver Lake Quadrangle
Quad Code: 4108518
UTM Coordinates: Downstream 4548228 North, 586868 East

Statute/Rule : "Ditch" Act, IC 14-26-5

30 Day Public Notice Report

Application # : FW-23058

Stream : Beal Taylor Ditch

Applicant : Gary Probst
12207 Illinois Road
Fort Wayne, IN 46814-9103

Description : A 750' x 75' area will be filled in the north (left) floodway of the ditch for a commercial development. The fill will vary in depth from 2" on the landward side to approximately 3' on the streamward side. It will be set 150' back from the top of the bank and will have 1:5 sideslopes. The fill's finished elevation will be 807.0', NGVD. The fill material will be obtained by excavating a borrow pit in the floodway immediately south of the fill area. The pit will be approximately 150' x 685' with an average depth of 4.5'. Details of the project are contained in information and plans received at the Division of Water on August 25, 2004

Location : At the northwest corner of the intersection of State Road 14 and Chestnut Hills Parkway
DOWNSTREAM: near Fort Wayne, Aboite Township, Allen County
SE¼, Section 4, T 30N, R 11E, Arcola Quadrangle
Quad Code: 4108513
UTM Coordinates: Downstream 4548212 North, 643401 East
UPSTREAM: Allen County

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : FW-23082

Stream : Unnamed Tributary Haw Creek

Applicant : Marathon Ashland Pipe Line LLC
Laura McKee
5825 East Cumberland Road
PO Box F
Martinsville, IL 62442-0573

Description : Approximately 15' of exposed 10" diameter pipeline and a 22' x 33' portion of the channel will be stabilized with revetment mats placed over geotextile and 20" of riprap fill. Details of the project are contained in information and plans received at the Division of Water on September 16, 2004.

Location : Approximately 1100' east and 2600' north of the intersection of County Road 1400 (Putnam Montgomery County Line Road) and County Road 550 near Roachdale, Clark Township, Montgomery County
E½, Section 31, T 17N, R 3W, Roachdale Quadrangle
Quad Code: 3908677
UTM Coordinates: Downstream 4413600 North, 517525 East

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

Application # : FW-23083

Stream : Spring Creek

Applicant : Marathon Ashland Pipe Line LLC
Laura McKee
5825 East Cumberland Road
PO Box F
Martinsville, IL 62442-0573

Description : A 22" diameter exposed pipeline and a 42' x 17' portion of the channel will be stabilized with revetment mats placed over geotextile fabric and 10" of riprap fill. Details of the project are contained in information and plans received at the Division of Water on September 16, 2004.

Location : Approximately 1400' downstream of the County Road 1000 West stream crossing near Rosedale, Florida Township, Parke County

30 Day Public Notice Report

- Application # : FW-23084
- Stream : Little Eagle Creek
- Applicant : Marathon Ashland Pipe Line LLC
Laura McKee
5825 East Cumberland Road
PO Box F
Martinsville, IL 62442-0573
- Description : Approximately 20' of exposed 8" diameter pipeline and a 42' x 37' portion of the channel will be stabilized with revetment mats placed over geotextile and 20" of riprap fill. Water dams will be constructed upstream and downstream using geotextile fabric around clay fill to create a dry work site. Also, portions of the left bank will be filled with approximately 262 cubic feet of riprap to prevent further erosion. Details of the project are contained in information and plans received at the Division of Water on September 16, 2004.
- Location : Approximately 2600' downstream of the West 38th Street stream crossing near Indianapolis, Wayne Township, Marion County
NE¼, SE¼, NW¼, Section 20, T 16N, R 3E, Indianapolis West Quadrangle
Quad Code: 3908672
UTM Coordinates: Downstream 4407915 North, 566215 East

30 Day Public Notice Report

Application # : FW-23087

Stream : Little Indian Creek

Applicant : Lee Miller
7008 Summer Hill Road
Georgetown, IN 47122-8648

Description : A new low water bridge will be constructed over Little Indian Creek to carry a new private drive. The new structure will be monolithic concrete with 4 - 3-sided 4'x3' concrete box culverts. The structure will extend from bank to bank. The structure will be 18' wide with a 3' railing extending 5' beyond the top of bank on each side. The bridge will be placed perpendicular to the flow. The approach on the North side of the creek will be excavated to place the finished road at existing grade. The approach on the South side will be constructed from zero to 1.7' of elevation. Details of the project are contained in information received electronically at the Division of Water on September 20, 2004.

Location : Approximately 1350' downstream of the Old Vincennes Road creek crossing near Galena, Greenville Township, Floyd County
Section 14, T 2S, R 5E, Georgetown Quadrangle
Quad Code: 3808538

Statute/Rule : Flood Control Act, IC 14-28-1, with the associated Flood Hazard Area Rule, 312 IAC 10

30 Day Public Notice Report

Application # : FW-23093

Stream : Salt Creek

Applicant : Damon Run Conservancy District
5583 Paw Paw Lake Road
Coloma, MI 49038-9628

Description : A 6" diameter sdr-21 PVC forcemain line will be placed beneath Salt Creek to provide sanitary service. The line will be placed by the boring method. It will have 5' of cover beneath the streambed and 7' in the banks.

A 16" diameter water line will be placed beneath Salt Creek to provide water service. The line will be placed by the boring method. It will have 5' of cover beneath the streambed and 7' in the banks. The line will have a 36" steel encasement for the section below the streambed. Details of the project are contained in information received electronically at the Division of Water on September 22, 2004.

Location : The project is located along Highway 6, approximately 800' east of Highway 149 in Porter County, IN. The waterline will be located on the Southside of the Highway 6, while the sanitary forcemain will be located on the northside of the Highway 6.
Near South Haven, Liberty Township, Porter County

30 Day Public Notice Report

Application # : NW-40

Stream : St. Joseph River

Applicant : Trell Wechter
917 South Chapin Street
South Bend, IN 46601-2829

Description : A steel sheet piling seawall will be constructed across 1306' of the riverbank. The new seawall will have the same alignment as the neighboring wall, and it will tie into the neighboring wall. The area landward of the proposed wall will be backfilled with clean fill, leveled with the top of the wall, and tapered back to existing ground elevations within the project site. Details of the project are contained in plans and information received at the Division of Water on July 26, 2004, August 2, 2004 and September 3, 2004.

Location : 17 Quail Island Drive, lot 17 in Lexington Landing Subdivision
near Elkhart, Cleveland Township, Elkhart County

30 Day Public Notice Report

Application # : NW-41

Stream : St. Joseph River

Applicant : Larry L Linton
54359 Laggon Road
Elkhart, IN 46516-5319

Description : Approximately 102' of steel sheet piling will be constructed in front of the existing railroad tie seawall along the river bank. The steel sheet piling will be capped with 4" x 4" angle iron bolted at every panel. Deadmen will be placed every 9' to act as anchors. The area landward of the proposed wall will be backfilled and leveled with the top of the wall. Details of the project are contained in information and plans received at the Division of Water on September 9, 2004.

Location : 54359 Laggon Road; beginning approximately 550' northwest of the State Road 120 and Laggon Road intersection extending 102' northeast
DOWNSTREAM: near Elkhart, Concord Township, Elkhart County
